

# Tinned Copper Tape for Shielding Cables

With special heating process Tinned Copper Tape is able to achieve the features of anti-corrosion, electromagnetic shielding and required hardness.

**+ Application** Nuclear power cable and other high-voltage power cable with electromagnetic shielding property.

내부식성, 노이즈 예방을 위한 특수 열처리한 표면도금층으로 내마모성, 경도 향상시킨 제품.

**+ 용도** 원자력용 케이블 및 기타 고압전력선 등에 차폐용으로 사용되는 주석도금 테이프.

## Tape Specification

Item	Dimension (mm)		Plating Thickness ( $\mu\text{m}$ )	Tensile Strength ( $\text{kgf}/\text{mm}^2$ )
	Thickness	Width		
Cu	0.07~2.0	1.0~100	0.5~5	Max. 28
OFC				

※ Any specification except the above is negotiable.
